- › hexachlorobutadiene (HCBD) (CAS No.87-68-3)
- › pentachlorothiophenol (PCTP) (CAS No.133-49-3)

„CALIFORNIA PROPOSITION 65 - CALPROP65“

California's Safe Drinking Water and Toxic Enforcement Act 1 of 1986, published in California Health & Safety Code Section 25249.6, is often referred to simply as California Proposition 65, or CP65 for short. The gist of this regulation is: „No person shall knowingly and intentionally expose any individual to a chemical known to the State [of California] to be carcinogenic or toxic to reproduction in the course of his or her business activities without first providing that individual with a clear and reasonable warning.“

We hereby declare that all products delivered to the company ATLAS Weyhausen GmbH are in conformity with the current version of the CalProp65 are.

CONFLICT MINERALS

To mitigate the trade of minerals from conflict or high risk areas, ATLAS Weyhausen supports EU Regulation 2017/821 and complies with Section 1502 of the Dodd-Frank Act of 2010 and the U.S. Securities and Exchange Commission's rules to prevent conflict minerals from financing armed groups in the Democratic Republic of Congo (DRC) and adjoining countries, although ATLAS is not directly affected by these legislations. As we do not source minerals directly, we can only assume this responsibility together with our business partners. For this reason, we request the following confirmation:

To the best of our current knowledge, we do not use conflict raw materials originating in the Democratic Republic of Congo (RRC) or adjacent areas.

DUTY TO INFORM

The undersigned undertakes to inform ATLAS Weyhausen GmbH immediately if these declarations lose their validity, in particular in case of product modifications or due to a change in the legal situation. In this case, the Supplier shall send a new certificate of conformity without delay.
